Evaluation Statement on the SOULFOOD Open Call Results 2024-07-04, Vilnius

Reference to the “Open Call Announcement at <https://www.agrifood.lt/en/are-you-a-farmer-apply-for-testing-tool-for-agrifood-sustainability-and-social-impact/>

Three Evaluation Committee members appointed by AgriFood Lithuania DIH independently reviewed each application. Based on four selection criteria—1) Product Variety, 2) FIC Declaration, 3) Products Without Prior Transformation, and 4) Digital Tool Applicability—each member assigned a score.

Each criterion was evaluated on a scale from 1 to 5, where 1 represents the lowest score and 5 the highest. The maximum total score per application was 20 points. All applications were deemed eligible in accordance with point 3.2 of the Open Call announcement.

The six highest-scoring applications were selected to test the digital tool and will be invited via e-mail to sign the financial support contract by the end of July 2024.

No.	Applicant / Name of farmer	Everage Score
1	Vaidas Zenevičius	18
2	Arvydas Kauneckas	18
3	Audrius Povilaitis	18
4	Audrone Ispiryan	18
5	Haris Gašpuitis	17.3
6	Daiva Filistovič	17.3
